GONE UP IN SMOKE!

Religious Frenzy Causes Three Negro Enthusiasts to Enter a Fiery Furnace--They'll Return Sunday

BIRMINGHAM, Ala., Aug. 13.—Saturday last three young negroes, men driven to religious frenzy by the exhortations of a noted negro named Tobias Jackson, who claims to be Daniel, the prophet, were persuaded to believe that they were representatives of Shadrach, Meshech and Abednego, the three Israelites who entered the fiery furnace of Nebuchadnezzar of old.

Under the influence of their new prophet the negroes, Dan Williams, Peter Burtram and Bill Vardier, deliberately entered the gate of the cupola of the Schloss furnace and rushed into the white heat of melting iron.

When they failed to come out, Jackson, the prophet, proclaimed that he saw them rising in the air, with the smoke of the furnace, attended by angels, and said that they would revisit the earth again next Sunday.

The negroes propose to meet at the church next Sunday and will continue in prayer all day, Tobias Jackson leading, and will await the descent of the three children of Israel.

TRUCKEE, Cal., Aug. 13.—A fire here yesterday afternoon destroyed a number of buildings, among which were the Methodist and Catholic churches, Ellen's lumber yard, Good Templars' hall, two school houses, Irwin's livery stable, the American hotel, and thirty dwellings. The loss will reach $75,000. Many families are homeless.

HUNTINGDON, Pa., Aug. 13.—The erecting and machine shops of the Huntingdon Car Manufacturing company, together with thirty cars in various stages of completion, were burned last night. Loss, $30,000; insured. New York capitalists owned the plant.

GREEN BAY, Wis., Aug. 13.—Fire almost entirely destroyed the steamer Liberty, Sunday morning, while lying at the dock. Loss, $8,000.

WHEELING, W. Va., Aug. 13.—Another incendiary fire occurred here early this morning, when two stables were burned.

Excitement at Ontario.

KINGSTON, Ont., Aug. 13.—There was considerable excitement here yesterday growing out of the celebration of the Relief of Derry. Some of the Orange speakers denounced the Jesuits' estate acts and got into controversy with Catholics in the crowd, which produced much ill feeling. Several of the young Orangemen exhibited evidence that vitroil had been thrown upon their persons and clothing, as they alleged, by Catholics. Another incident was the throwing of dirty water by a guest of the Hotel Frontenac upon a band of young Britons who were playing in front of the building. The landlord thought it wise to evict the guest from the hotel in order to prevent an attack upon the building.

Caused a Panic.

MONTREAL, Que., Aug. 13.—While the Wellington bridge over the Lachine canal was crowded with foot passengers yesterday, a tug ran into the bridge, seriously damaging the structure. A panic ensued among the people on the bridge and before the river police could reach the scene a number of women and children had been trampled upon and badly injured. It is thought that no one was fatally hurt.

Insolent Negroes.

BRIDGE OR NO BRIDGE.

The Columbia Street Property Holders Meet and Decide on a Big Improvement.

The Columbia street property holders held a meeting to-day and decided to go ahead at once to fill and grade the property at the "hole in the ground" for the opening of Columbia and Clay street, the work to be commenced right away.

The location of the new bridge cuts no figure with this improvement as the Columbia street people are enterprising.

The civil engineer has already submitted a plat for the legal opening of this street. The Nickel Plate company, who fought the measure, will have another crossing to look after by reason of the improvement.

The Columbia street people are carrying out this improvement on voluntary contributions from the property holders of the thoroughfare.

Ex-Councilman Kelker said that if Mr. Rastetter is in the field he will not interfere. Mr. Milton N. Webber is also a candidate.

For years the kind-hearted old man had been a faithful watchman at the Broadway crossing for the Wabash railway company, where his familiar form was visible at all times when duty called him. The sessions of the association will be chiefly devoted to the promotion of the publishing business.

THE AMERICAN'S LONGEVITY.

Dr. I. W. Brannan, of Washington, has just published an interesting volume on the length of life enjoyed by residents of this country. The statistics are taken from the returns of a leading life insurance company and are probably reliable. They show that on the average natives are longer lived than foreign-born residents; that Irishmen settled in this country generally live longer than Englishmen, Englishmen than Germans, Germans than Canadians.

The most fatal disease is consumption, which appears to be growing more severe as the distance from the equator is increased, and next to this liver disease is a fruitful source of mortality, especially among southerners and foreign immigrants. The longest-lived people appear to be merchants, next to those farmers, next to those professional men.

It is noted as a curious fact that persons who have to deal with alcoholic liquor—as liquor-dealers, hotel-keepers, barroom-keepers and brewers—rarely die of consumption, but are very liable to be taken off by liver diseases. The chief victims of consumption are clerks and persons engaged in sedentary occupations. The largest number of suicides occur among the Germans and the smallest number among native Americans.

A Good Appetite.

Is essential to good health; but a this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

Eminent Physician Dead.

NEW YORK, Aug. 13.—Dr. Alexander Brown Mott, the eminent physician and surgeon, son of the still more famous late Dr. Valentine Mott, died yesterday, from pneumonia, after but two days' illness, at his country residence, near Yonkers. He was sixty-four years old.

JOLIET, ILL.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

George O'Leary was arrested by Officer Richter for drunkenness. O'Leary came from Toledo to work on the natural gas mains and tried to show the Officer how he had been accustomed to doing up the officers there. In his illustration he nearly got Richter's fingers in his mouth, when the officer tapped him on the head with his billy and then called the patrol wagon. O'Leary went to jail. John Wilsner, a drunk, was arrested by Officer O'Connell and was sent to jail. This was the extent of the police court.

Famous Women.

It is a significant fact that most of the women who have achieved fame in art, literature, or "affairs," have enjoyed vigorous health. This shows that the mind is never capable of the severe and continued application necessary to creative work, unless the body is at its best. The woman who aspires to fill an exalted place among her associates, must be free from nervous debility and female weaknesses. Dr. Pierce's Favorite Prescription will banish these, and it is warranted to restore those functional harmonies which are indispensable to health. As a specific for all those chronic weaknesses and ailments peculiar to women, it is unequaled.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

SECOND POINT

You should read THE CHICAGO DAILY NEWS because *you have the time to read it.* There is a paper published in Australia which is as large as a blanket. This wouldn't suit you. You want a newspaper at once convenient, complete and condensed, and still you don't want to overlook anything of real importance. You don't want your neighbor to say to you, "Did you read so-and-so in to-day's paper? and be obliged to answer, "No, I didn't see that," and then have him ask you, "What paper do you read?" This will never happen to you if you read THE CHICAGO DAILY NEWS.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

TUESDAY, AUG. 13, 1889.

TUESDAY'S TALK

As Our Railroad Reporter Hears It Around the Busy Centers of the City.

The Grand Rapids pay-car was in the city to-day.

The coaches on the Pittsburg limited are elegant in style and arrangement.

Frank and Henry Eider have taken positions at the Bass moulding rooms.

Herman Hobrook, of the Pittsburg clerical force, has gone to Rome City.

J. H. Franke, of the Pittsburg works, leaves for Crestline, Ohio, this evening.

The Bass boiler shops is crowded with work. A day and a night gang is on duty.

The ushers of the Emanuel Lutheran church had an excursion to Rome City to-day.

The Nickel Plate excursion to Niagara Falls yesterday took 250 people from this city.

The Pittsburg clerks are busy filling a large requisition for material from D. S. McCardle, of Chicago.

John Mommer, formerly of the Kerr Murray works, has taken a position at the Bass moulding rooms.

Road Foreman of Engineers A. H. Polhamus is attending a meeting of the road foremen at Pittsburg.

A dozen new men took positions in the moulding rooms at the Bass works under Foreman Myers yesterday.

Frank Howey has his desk in Storekeeper Cox's office, during the time that Shop Clerk Meeghan's office is being decorated.

Shop Clerk Meegan's office at the Pittsburg works, is being handsomely decorated and some of the clerks are taking a vacation.

Sam B. Sweet, assistant general freight agent of the Lake Erie and Western at Indianapolis, was in the city over Sunday.

Alexander Henderson, engineer at the Wabash shops, who has been suffering for some time with serious illness, is now convalescing.

General Passenger Agent Fisher, of the Fort Wayne, Cincinnati and Louisville railroad, passed Sunday with his family at Elyria, Ohio.

The death of Frank Rosenberger at Crestline, Ohio, was received with sadness by the employes at the Olds works, where he was formerly employed.

Frank Rosenberger, formerly of the Olds wheel works, has gone to Crestline, O., having been called there by the accidental death of his brother Henry.

James Doyle, the handsome young clerk in the Pennsylvania company's store rooms, has returned from Lima, O., where he spent Sunday with his best girl.

In New Haven recently a traveling salesman was fined $6.42 in the police court for getting into an open freight car to escape a shower. He had been calling and had no umbrella.

The Wabash ticket office is being supplied with the old style "Stromberg" tickets and as rapidly as the supply now on hand is used up the "Stromberg" is put in use. The new tickets received are handsome in style and are more convenient than the ones the Wabash has been using for some time.

Several new iron tracks have been recently built in the Bass works yards leading to the different departments of the boiler works. This enables the firm to transfer their heavy shipments from this department to the railroad track with much more ease than formerly, and is a splendid arrangement.

The Bass works have just finished for the manufacturing firm of E. P. Alice & Co., of Milwaukee, one of the largest boilers ever manufactured in this city. The fire box is eight feet square and the cylinder is seven feet in diameter. The huge boiler weighs 30,000 pounds and is eighteen feet high. It was shipped to its destination to-day.

In railroad circles a belief prevails that the inter-state commerce commission will not recognize the complaint of the Pennsylvania company against certain roads as to rate matters. The inter-state law, they say, was framed to protect the public against exhorbitant rates, not to prevent a railroad company making low rates, if it chooses to do so.

The locomotive works east are pressed with business. At the Baldwin works the pay rolls shows 3,560 men employed, and the works are turning out fifteen to twenty locomotives a week, the number depending upon the size of the engine. About seventy-five per cent. of the engines now built at the several works are of the largest type. This remark will apply to both passenger and freight engines.

THE SENTINEL reporter had the pleasure this morning of looking at one of the group photos recently taken of the employes in the Bass boiler shops. The boys look handsome, and it must be said of them that in this respect their picture beats that taken of the machinists. Among the faces our reporter recognized were the following: F. Rodenbeck, H. Schweir, F. Kroesch, F. Gruber, Wm. G. Rodenbeck, H. Ropa, J. Tomie, J. Richard, John and G. Heime, T. Foley, G. Barter, O. Greaney, B. Howley, N. DeWald, Ed. Clayton, G. Stoll, A. J. Adams and R. Bensman.

THE WABASH BOYS.

They Hold a Meeting and Decide to Have an Excursion to Put-in-Bay.

All of the employes of the Wabash shops held a meeting after working hours last evening to discuss the idea of having an excursion as is their annual custom.

When Put-in-Bay was mentioned as the objective point there was but one dissenting voice in the whole assembly, which settled that matter beyond dispute. The date for the excursion has not been set although the event will occur on the third or last Saturday of the present month.

It will be ascertained at once whether cars will be furnished free by the company. The Pennsylvania employes are always furnished free transportation on their excursions.

"I cannot praise Hood's Sarsaparilla half enough," says a mother whose son, almost blind with scrofula, was cured by this medicine.

Mrs. A. C. Keel will leave in a few days for New York city to lay in a fall stock.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Religious Frenzy Causes Three Negro Enthusiasts to Enter a Fiery Furnace—They'll Return Sunday

BIRMINGHAM, Ala., Aug. 13.—Saturday last three young negroes, men driven to religious frenzy by the exhortations of a noted negro named Tobias Jackson, who claims to be Daniel, the prophet, were persuaded to believe that they were representatives of Shadrach, Meshech and Abednago, the three Israelites who entered the fiery furnace of Nebuchadnezzar of old.

Under the influence of their new prophet the negroes, Dan Williams, Peter Burtram and Bill Vardier, deliberately entered the gate of the cupola of the Schloss furnace and rushed into the white heat of melting iron.

When they failed to come out, Jackson, the prophet, proclaimed that he saw them rising in the air, with the smoke of the furnace, attended by angels, and said that they would revisit the earth again next Sunday.

The negroes propose to meet at the church next Sunday and will continue in prayer all day, Tobias Jackson leading, and will await the descent of the three children of Israel.

FIRE AND STORMS.

The Elements Do Great Damage in Various Parts of the Country.

TRUCKEE, Cal., Aug. 13.—A fire here yesterday afternoon destroyed a number of buildings, among which were the Methodist and Catholic churches, Ellen's lumber yard, Good Templars' hall, two school houses, Irwin's livery stable, the American hotel, and thirty dwellings. The loss will reach $75,000. Many families are homeless.

HUNTINGDON, Pa., Aug. 13.—The erecting and machine shops of the Huntingdon Car Manufacturing company, together with thirty cars in various stages of completion, were burned last night. Loss, $30,000; insured. New York capitalists owned the plant.

GREEN BAY, Wis., Aug. 13.—Fire almost entirely destroyed the steamer Liberty, Sunday morning, while lying at the dock. Loss, $8,000.

PAWNEE CITY, Neb. Aug. 13.—A water spout yesterday afternoon flooded everything. Bridges are gone and much damage done, but crops are not seriously injured.

ATCHISON, Kas., Aug. 13.—A heavy wind-storm accompanied by torrents of rain, unroofed a large number of houses here yesterday, including the Arlington hotel.

NEW YORK, Aug. 13.—An explosion of chemicals in Formel & Co.'s drug store, Broadway & Houston street, this afternoon, destroyed a large amount of stock and severely burned several of the employes.

WHEELING, W. Va., Aug. 13.—Another incendiary fire occurred here early this morning, when two stables were burned.

Excitement at Ontario.

KINGSTON, Ont., Aug. 13.—There was considerable excitement here yesterday growing out of the celebration of the Relief of Derry. Some of the Orange speakers denounced the Jesuits' estate acts and got into controversy with Catholics in the crowd, which produced much ill feeling. Several of the young Orangemen exhibited evidence that vitriol had been thrown upon their persons and clothing, as they alleged, by Catholics. Another incident was the throwing of dirty water by a guest of the Hotel Frontenac upon a band of young Britons who were playing in front of the building. The landlord thought it wise to evict the guest from the hotel in order to prevent an attack upon the building.

Caused a Panic.

MONTREAL, Que., Aug. 13.—While the Wellington bridge over the Lachine canal was crowded with foot passengers yesterday, a tug ran into the bridge, seriously damaging the structure. A panic ensued among the people on the bridge and before the river police could reach the scene a number of women and children had been trampled upon and badly injured. It is thought that no one was fatally hurt.

Insolent Negroes.

BIRMINGHAM, Ala., Aug. 13.—The white people of Sumpter county, Ala., are much alarmed because of the mysterious actions of the negroes, who are holding secret meetings, buying firearms and acting insolently towards the whites. The negroes out number the whites five to one.

Broke Jail.

DIXON, Ill., Aug. 13.—At 8:30 o'clock, six prisoners broke jail by digging a hole through the stone wall.

MENTALLY UNBALANCED.

Wm. E. Kramer Makes Repeated Attempts to Take His own Life.

A commission in lunacy, consisting of Dr. C. S. Smith and Dr. McCausland, and Squires France and Tancey, met this afternoon to examine into the case of Wm. E. Kramer, who lives at the corner of Hanna and Madison streets.

Kramer is an old man with a family, and was for many years a trusted employe in the Pennsylvania company's shops.

He has acted queerly lately and tried on several occasions to take his own life.

NATURAL GAS ON LABOR DAY.

Extra Gangs Set to Work on the Outside Lines to Hurry Along the Work.

Mr. H. C. Paul went to Bluffton today. It is the intention of the gas company, he said, to have mains into this city and gas from Montpelier in time for Labor Day, September 2. To accomplish that end three separate gangs will be put on the outside mains at once.

If natural gas is brought here by the time desired a grand illumination will mark the Labor Day celebration.

BRIDGE OR NO BRIDGE.

The Columbia Street Property Holders Meet and Decide on a Big Improvement.

The Columbia street property holders held a meeting to-day and decided to go ahead at once to fill and grade the property at the "hole in the ground" for the opening of Columbia and Clay street, the work to be commenced right away.

The location of the new bridge cuts no figure with this improvement as the Columbia street people are enterprising.

The civil engineer has already submitted a plat for the legal opening of this street. The Nickel Plate company, who fought the measure, will have another crossing to look after by reason of the improvement.

The Columbia street people are carrying out this improvement on voluntary contributions from the property holders of the thoroughfare.

WHO WILL IT BE?

The Council to Elect a Waterworks Trustee at the Meeting To-Night.

There will be a regular meeting of the common council to-night at which it is expected there will be an election of a waterworks trustee to fill the unexpired term of the late member of the board, Mr. Henry Monning.

Among those already spoken of the the names of J. Sion Smith, Louis Rastetter, Anthony Kelker and William Bitner are mentioned. Mr. P. H. THE AMERICAN'S LONGEVITY.

Dr. I. W. Brannan, of Washington, has just published an interesting volume on the length of life enjoyed by residents of this country. The statistics are taken from the returns of a leading life insurance company and are probably reliable. They show that on the average natives are longer lived than foreign-born residents; that Irishmen settled in this country generally live longer than Englishmen, Englishmen than Germans, Germans than Canadians.

The most fatal disease is consumption, which appears to be growing more severe as the distance from the equator is increased, and next to this liver disease is a fruitful source of mortality, especially among southerners and foreign immigrants. The longest-lived people appear to be merchants, next to those farmers, next to those professional men.

It is noted as a curious fact that persons who have to deal with alcoholic liquor—as liquor-dealers, hotel-keepers, barroom-keepers and brewers—rarely die of consumption, but are very liable to be taken off by liver diseases. The chief victims of consumption are clerks and persons engaged in sedentary occupations. The largest number of suicides occur among the Germans and the smallest number among native Americans.

JOLIET, ILL.

J. M. LOGER RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

Famous Women.

It is a significant fact that most of the women who have achieved fame in art, literature, or "affairs," have enjoyed vigorous health. This shows that the mind is never capable of the severe and continued application necessary to creative work, unless the body is at its best. The woman who aspires to fill an exalted place among her associates, must be free from nervous debility and female weaknesses. Dr. Pierce's Favorite Prescription will banish these, and it is warranted to restore those functional harmonies which are indispensible to health. As a specific for all those chronic weaknesses and ailments peculiar to women, it is unequaled.

Lake Chautauqua.

Take the Nickel Plate to Lake Chautauqua, the popular summer resort, where 150,000 pleasure seekers visit in one season. It is located at an altitude of 1,400 and 1,500 feet above ocean level, and its shores present a continuous picture of scenic beauty.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

The history of the various religious and educational organizations which have made this resort so popular, are so well known it will not be our purpose to repeat any portion of it here. Individuals or families desiring board at hotels, or private houses may be accommodated at rates to suit the ability or desires of the visitor.

The Nickel Plate has made special arrangements for the accommodation of tourists who desire to stop on excursion tickets either going or returning, enabling them to visit friends en route and the many attractions of the beautiful city of Cleveland, Ohio.

Excursionists desiring to visit Niagara Falls may be accommodated with tickets direct or via Chautauqua Lake, enabling holders of Nickel Plate tickets to visit both of those famous resorts without additional cost to purchaser. The Nickel Plate trains make direct connections at Brocton for Mayville, and close connections returning. Be sure your ticket reads via Nickel Plate. Aug15

SECOND POINT

You should read THE CHICAGO DAILY NEWS because you have the largest paper published in Australia which is as large as a blanket. This wouldn't suit you. You want a newspaper at once convenient, complete and condensed, and still you don't want to overlook anything of real importance. You don't want your neighbor to say to you, "Did you read so-and-so in to-day's paper? and be obliged to answer, "No, I didn't see that," and then have him ask you, "What paper do you read?" This will never happen to you if you read THE CHICAGO DAILY NEWS.

REMEMBER—Its circulation is over 200,000 a day—over a million a week—and is sold by mail 25 cts. a month, four months $1.00—one cent a day.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

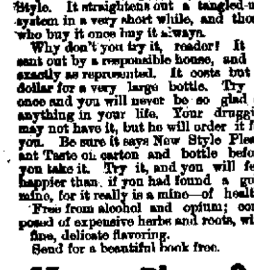

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them!

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader! It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

TUESDAY, AUG. 13, 1889.

TUESDAY'S TALK

As Our Railroad Reporter Hears it Around the Busy Centers of the City.

The Grand Rapids pay-car was in the city to-day.

The coaches on the Pittsburg limited are elegant in style and arrangement.

Frank and Henry Eider have taken positions at the Bass moulding rooms.

Herman Hobrook, of the Pittsburg clerical force, has gone to Rome City.

J. H. Franke, of the Pittsburg works, leaves for Crestline, Ohio, this evening.

The Bass boiler shops is crowded with work. A day and a night gang is on duty.

The ushers of the Emanuel Lutheran church had an excursion to Rome City to-day.

The Nickel Plate excursion to Niagara Falls yesterday took 250 people from this city.

The Pittsburg clerks are busy filling a large requisition for material from D. S. McCardle, of Chicago.

John Mommer, formerly of the Kerr Murray works, has taken a position at the Bass moulding rooms.

Road Foreman of Engineers A. H. Polhamus is attending a meeting of the road foremen at Pittsburg.

A dozen new men took positions in the moulding rooms at the Bass works under Foreman Myers yesterday.

Frank Howey has his desk in Storekeeper Cox's office, during the time that Shop Clerk Meeghan's office is being decorated.

Shop Clerk Meegan's office at the Pittsburg works, is being handsomely decorated and some of the clerks are taking a vacation.

Sam B. Sweet, assistant general freight agent of the Lake Erie and Western at Indianapolis, was in the city over Sunday.

Alexander Henderson, engineer at the Wabash shops, who has been suffering for some time with serious illness, is now convalescing.

General Passenger Agent Fisher, of the Fort Wayne, Cincinnati and Louisville railroad, passed Sunday with his family at Elyria, Ohio.

The death of Frank Rosenberger at Crestline, Ohio, was received with sadness by the employes at the Olds works, where he was formerly employed.

Frank Rosenberger, formerly of the Olds wheel works, has gone to Crestline, O., having been called there by the accidental death of his brother Henry.

James Doyle, the handsome young clerk in the Pennsylvania company's store rooms, has returned from Lima, O., where he spent Sunday with his best girl.

In New Haven recently a traveling salesman was fined $6.42 in the police court for getting into an open freight car to escape a shower. He had been calling and had no umbrella.

The Wabash ticket office is being supplied with the old style "Stromberg" tickets and as rapidly as the supply now on hand is used up the "Stromberg" is put in use. The new tickets received are handsome in style and are more convenient than the ones the Wabash has been using for some time.

Several new iron tracks have been recently built in the Bass works yards leading to the different departments of the boiler works. This enables the firm to transfer their heavy shipments from this department to the railroad track with much more ease than formerly, and is a splendid arrangement.

The Bass works have just finished for the manufacturing firm of E. P. Alice & Co., of Milwaukee, one of the largest boilers ever manufactured in this city. The fire box is eight feet square and the cylinder is seven feet in diameter. The huge boiler weighs 30,000 pounds and is eighteen feet high. It was shipped to its destination to-day.

In railroad circles a belief prevails that the inter-state commerce commission will not recognize the complaint of the Pennsylvania company against certain roads as to rate matters. The inter-state law, they say, was framed to protect the public against exhorbitant rates, not to prevent a railroad company making low rates, if it chooses to do so.

The locomotive works east are pressed with business. At the Baldwin works the pay rolls shows 3,560 men employed, and the works are turning out fifteen to twenty locomotives a week, the number depending upon the size of the engine. About seventy-five per cent. of the engines now built at the several works are of the largest type. This remark will apply to both passenger and freight engines.

The Sentinel reporter had the pleasure this morning of looking at one of the group photos recently taken of the employes in the Bass boiler shops. The boys look handsome, and it must be said of them that in this respect their picture beats that taken of the machinists. Among the faces our reporter recognized were the following: F. Rodenbeck, H. Schweir, F. Kroesch, F. Gruber, Wm. C. Rodenbeck, H. Rops, J. Tomie, J. Richard, John and C. Heime, T. Foley, G. Barter, O. Greaney, B. Howley, N. DeWald, Ed. Clayton, G. Stoll, A. J. Adams and R. Bensman.

THE WABASH BOYS.

They Hold a Meeting and Decide to Have an Excursion to Put-in-Bay.

All of the employes of the Wabash shops held a meeting after working hours last evening to discuss the idea of having an excursion as is their annual custom.

When Put-in-Bay was mentioned as the objective point there was but one dissenting voice in the whole assembly, which settled that matter beyond dispute. The date for the excursion has not been set although the event will occur on the third or last Saturday of the present month.

It will be ascertained at once whether cars will be furnished free by the company. The Pennsylvania employes are always furnished free transportation on their excursions.

"I cannot praise Hood's Sarsaparilla half enough," says a mother whose son, almost blind with scrofula, was cured by this medicine.

Mrs. A. C. Keel will leave in a few days for New York city to lay in a fall stock.

PAINSVILLE, O.

J. M. Loose Red Clover Co., Detroit.—I have used your Solid Extract Red Clover with perfect success and take great pleasure in recommending its use to any afflicted with Scrofulous or Cancerous affection, believing it (from my own experience) to be a most efficient blood purifier.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Special Excursion to Salt Lake, Utah.

On Tuesday August 20, the Wabash railroad will run a special cheap excursion to Salt Lake City, Utah. The round trip rate for this occasion will be $46.20 and tickets will be good for return passage thirty days from date of sale. As the accommodations are necessarily limited application should be made as early as possible for berths, tickets, etc. Special agents will take charge of the party all the way through. Apply to E.
